“What is The Legacy?” The Legacy is the North Florida Area Newsletter with reports from the 5-Area Officers, the 8-Area Coordinators and the 12-Area District Representatives. There are 4-issues per year. Each registered North Florida Al-Anon group receives 2-free copies of The Legacy. If your group is receiving the free monthly Forum magazine and the quarterly appeal letters from the World Service Office, then you should also be receiving the Legacy as this is the current mailing list we are using. If you are not receiving the above mentioned materials, I suggest that you start with your district group records chair and fill out a new current mailing address form or see your district representative if your district does not have a group records chair.
